Wasaga Beach residents continue to watch water levels rise

---

Residents are watching rising water levels closely at the mouth of the Nottawasaga River in Wasaga Beach, Ont. Source: CTV News (4/9)

Strange substance has residents mystified

---

Residents in Sebawing, Mich., are concerned after noticing a mystery substance spilling into the Sebawing River. Officials are trying to determine where the spill originated and what dangers it could pose. Source: WNEW-TV - Saginaw, MI (4/8)

Expert: BP Lake Michigan spill could have been worse

---

The impact of a recent BP oil spill in Lake Michigan could have been much worse than it was. Weather conditions helped blunt the impact of the spill. Source: WBBM-TV - Chicago, IL (4/9)

Damaged cutter expected to be repaired in Duluth Monday

---

The crew of the U.S. Coast Guard Cutter Morrow Bay said that the tug will be undergoing repairs after it suffered a rudder casualty while breaking ice near Thunder Bay, Ont. Source: WDIO-TV - Duluth, MN (4/6)

Volunteers wanted to take part in lighthouse keepers program

---

Officials from Michigan's historic Tawas Point Lighthouse are looking for volunteers who are interested in staying in the lighthouse for an extended period of time. Source: WBKB-TV - Alpena, MI (4/6)

Coast Guard ice breakers work to keep Great Lakes shipping channels open

---

Every year, it takes brute force for Coast Guard cutters to smash through the thick ice that covers the passage connecting Lake Superior to Lake Huron. Source: CBS News (4/1)

Tar sands crude shipping on the Great Lakes

---

Plans are in the works to dramatically increase the flow of tar sands crude oil to the Midwest, and a tar sands shipping route has already been mapped

across the waters of the Great Lakes. Source: Alliance for the Great Lakes  
(3/31)
